To make a one time donation/payment to St. Mary’s

Go to the church’s website: www.stmarysgoc.org

On the right side of the home page, click on Give Now.

A new tab opens to the online giving site. There is no need to create a new account for a one time payment.

In this window, look at the lower right corner. You should see “Quick Give.” In the text below, click on the word here.

In the next window, containing only instructions and a description of Quick Give, click Continue to Quick Give.

In the next window, enter your information in all the required fields in Step 1. Under Gift Information, choose Fair Share Contribution from the drop down menu. After choosing your Payment Method, be sure to click the word Add in order to enter your card or bank routing information, then click the Submit button.

Once you have completed all the fields, enter the code shown in the lower left and click Next.

Once you’ve reviewed your information, click Submit.
